Final Draft Operable Unit No. 4 Phase I RCRA Facility Investigation/Remedial Investigation and Interim Measure/Interim Remedial Action Decision Document and Phase II Work Plan

Jeff Ciocco, EM-453, Headquarters

This memorandum is a follow-up to the fax transmittal you sent to me on July 21, 1994. We are transmitting to you one copy of the Operable Unit No. 4 Interim Measure/Interim Remedial Action Environmental Assessment Decision Document and the Draft Final Phase II RCRA Facility Investigation/Remedial Investigation Work Plan.

These documents are attached for your information only. Please keep in mind that the remedial alternative that the Department of Energy is proposing is not included in the Decision Document, but is currently in informal dispute with the Colorado Department of Public Health and Environment and the Environmental Protection Agency to make this change in scope to the final document.

We will keep you informed of any new developments in the dispute by means of the weekly report and weekly teleconference call.
